## FEDERAL PLANT HEARS MESSAGES SENT FROM NAUEN

All Known Wireless Records  
Smashed Today When Hecla  
Picks Up Great Station Near  
Berlin for Short Time

## TRANSMISSION OF NINE THOUSAND MILES MADE

Messages Started From Ger-  
man Plant for New York  
Flash Across Atlantic in  
Darkness, Reach Hawaii at  
Noon

Smashing all known wireless re-  
cords, the Federal Telegraph Com-  
pany's radio plant at Hecla at noon  
today copied wireless messages being  
sent from Nauen, near Berlin, to Tuck-  
erton, N. J. Nauen is 9000 miles from  
Honolulu.

This big achievement means that it  
arrangements could be made, it would  
be possible to transmit messages di-  
rect from Berlin to Honolulu, a dis-  
tance heretofore unequalled in the his-  
tory of wireless telegraphy. So great  
is the distance that while the mes-  
sage was being copied at noon here,  
it was night at the sending station.

"The work of today was made pos-  
sible by reason of a new Poulsen ar-  
rangement," said Manager W. Y. Nolly  
of the Federal's Honolulu office, this  
afternoon. "Conditions are  
favorable on the Atlantic side on ac-  
count of winter weather. Small power  
was used in transmission—about 50  
kilowatts. It is now possible for Ber-  
lin to transmit messages direct to Ho-  
nolulu if arrangements could be made.

"Our station at Hecla is in charge  
of Chief Operator H. L. Rodman, as-  
sisted by P. J. McQuade and L. C. But-  
ler, expert radiographers. These gen-  
tlemen modestly disclaim any person-  
al credit, wishing to pass it to the  
Poulsen system on account of rapid  
 strides made in the last year. The  
law forbids us divulging the contents  
of the matter our station heard, as it  
would involve diplomats in a breach  
of neutrality."

Mr. Nolly said the power necessary  
to receive from Germany is only one-  
tenth as much as that which is re-  
quired to light an ordinary incandes-  
cent lamp.

## ANGRY BOARDER PUTS DYNAMITE MINE UNDER BED

When Told to Leave He At-  
tempts to Blow Up Man and  
Woman Who Sheltered Him  
When He Was Out of Em-  
ployment

Only the intervention of a trivial  
accident Saturday night saved Kat-  
shuzo Yamasaka and his wife and  
child, residents of Wahiawa, from a  
horrible death and frustrated a plot,  
as fiendish as any ever invented by  
the author of a moving-picture drama,  
which Sokichi Seto, say the police,  
planned and endeavored to carry  
through to revenge himself on the  
couple for being ejected from their  
house. All of the people are Japa-  
nese.

Seto has been boarding with the  
Yamasakas at their home in Wahiawa  
and like his landlord worked on a  
pineapple plantation. Recently Seto  
has been loafing and has paid no  
board, so he was asked to leave the  
house Saturday afternoon.

In an attempt to revenge himself he  
crept into the home Saturday while  
the occupants were away and planted  
a dynamite mine to destroy them,  
charge the authorities who are seek-  
ing him. Placing two sticks of high  
power dynamite under the mattress  
where the couple and their little baby  
sleep, he bored a hole in the floor  
and dropped a long fuse into the  
cellar. Some time Saturday night,  
probably after the Yamasakas and  
their baby had dropped to sleep,  
he went into the cellar and lit the  
fuse.

Left House in Terror.  
Half an hour later the family  
were almost blown out of bed  
by an explosion and both were badly  
bruised. They ran from the house in  
terror, but returned a few moments  
later and lifted the torn mattress from  
the floor to see what had caused the  
explosion.

They found beneath the bed the  
two sticks of dynamite intact, and  
one exploded concussion cap. Invest-  
igation by Detective McDuffie proved  
that before Seto lit the fuse which  
he thought was the signal for the  
death of the Yamasaka family,

## GOVERNOR DECLINES TO JOIN HENRY FORD ON "PEACE SHIP"

"Suggest Your Pilgrims Induce Founder of The Hague and His  
Steel Protesges to Cease Profiting By War," Cables Pinkham

Governor Pinkham emphatically and crisply declines to be the guest  
of Henry Ford, auto manufacturer and peace advocate, on Ford's pacifist  
voyage to Europe.

On Saturday the governor received from Ford the following invitation  
to be one of the passengers on the "Peace Ship":

"Hon. Lucius E. Pinkham, Honolulu.  
"Men and women of our country, representing all its ideals and activ-  
ities, leave New York December 4 aboard peace ship Oscar II, proceeding  
to Norway, Sweden, Copenhagen and The Hague to arrange international  
peace conference for continuous mediation. Accommodations provided from  
The Hague for your return home. Impossible to determine exact time of  
pilgrimage, probably six weeks. Europe cries out to you. Will you join us?  
Wire me immediately, Hotel Biltmore, New York, when full information  
will be forwarded."  
"HENRY FORD."

Today the governor cabled the following reply:  
"Henry Ford, Hotel Biltmore, New York.  
"Unlawful for me to absent myself from this Mid-Pacific outpost of the  
United States of America. For us complete preparedness first. We are  
isolated 2100 miles at sea, and trust our own and country's strength and  
conscience, not others' good will. Suggest your pilgrims induce the founder  
of The Hague and his steel protesges cease profiting by war and recollect  
The Hague money is armor plate money."  
"LUCIUS E. PINKHAM,  
"Governor of Hawaii."

Associated Press despatches say that none of the states is to be re-  
presented by its governor or any high official, all of the governors who have  
been invited having declined to accept, giving various reasons. A  
despatch last night said, however, that so many pacifists were accepting  
Mr. Ford's invitation that he may need two peace ships to take them all  
to the war-zone.

## FIVE MORE BOYS MAKE ESCAPE AT REFORM SCHOOL

Two Soon Recaptured; Break  
Came Under Eyes of Guards  
and Instructors

Five youngsters at the Boys' Indus-  
trial School, Wahiawa, at 6 o'clock last  
evening seized an opportunity to  
break from their guards, ran like  
deer away from the school grounds  
and into the underbrush of the loca-  
lity, and added another burden to that  
already carried by Principal H. M.  
Tucker and his school staff. Only  
two had been caught up to this after-  
noon.

The escape follows the serious mu-  
tiny of November 21, when 54 of the  
boys broke from detention and tried  
to escape. Forty-eight were caught  
soon after; three within a short time  
and three others later in the week.

Last night's escape was undoubtedly  
one of the results of a deep-seated  
spirit of mutiny apparent at the in-  
dustrial school, for which various  
causes are assigned and which came  
to its first big climax in the whole-  
sale escape of November 21. Those  
who have looked into the condition of  
affairs at the reform school are con-  
vinced that this spirit, far from being  
quelled, is raging more fiercely than  
ever under the surface and that fur-  
ther outbreaks are likely at any time.

The escapes of last evening came  
just after the boys had finished their  
Sunday evening meal and were lining  
up to march into the school room,  
where they had been assembled dur-  
ing the afternoon, wet weather hav-  
ing caused Principal Tucker to order  
the boys indoors. The line of about  
135 boys, grouped roughly into ranks  
of three abreast, were coming from  
the dining-rooms in charge of two of  
the instructors and two guards. Prin-  
cipal Tucker, who during the day had  
been keeping close watch of the rest-  
less lads, had been called away a few  
paces and was standing talking to  
two visitors. It was getting dark.  
As the lads started to march from one  
building to the other the five sudden-  
ly leaped from the line and dashed  
off into the dusk with the guards in

## TEN MEN CAUGHT IN GAMBLING RAID LET BONDS BE FORFEITED

Eleven men were playing 7-11 Sat-  
urday night in a tenement house back  
of the Union Aitio stand on Beretania  
street when McDuffie's men raided the  
place. All put up bail except one, a  
Japanese named Yoshida, and the  
others refused to lend him money.  
This was a fatal mistake, for the Ja-  
nese became plucked, and was to tes-  
tify against them this morning. They  
saw this and pleaded guilty, or forfeit-  
ed bail.

The men who forfeited \$15 bail each  
are: J. Alexander, W. Jackson, H.  
Stone, A. Hayes, K. Lee, Ah Ping, Ah  
Hin, Charles Ah Fong, who ran the  
game, was fined \$20 this morning, and  
Yoshida was given 13 months suspend-  
ed sentence.

## ONE JAPANESE SHOOTS ANOTHER; AMERICAN FLAG A CAUSE OF QUARREL

(Special Star-Bulletin Wireless).  
HILO, Nov. 29.—Oshiro Kane  
Okunawan, Japanese, yesterday  
afternoon shot another Japanese,  
Ouchi, twice, after a row about it  
the coronation ceremony in which  
the American flag was flown on  
an arch. One bullet went through  
the man's mouth and lodged in  
the back of his neck, the other  
into the thigh. The gunman  
made his escape and is still at  
large. He is the editor of a pa-  
per in the Okunawan dialect. The  
wounded man may live.

## ANOTHER CACHE OF DRUGS FOUND HIDDEN AT FORT

Six Bottles of Morphine, Co-  
caine and Heroin Seized By  
Detectives Last Saturday

Six more bottles of morphine, co-  
caine and heroin were taken Saturday  
by Detective McDuffie, when Edward  
R. Jones of the Hospital Corps, Fort  
Shafter, led the way to a cache at  
Fort Armstrong where the drugs were  
hidden.

Jones was examined Saturday by  
McDuffie and officers Ralph John-  
stone and Will Pittman of the Inter-  
nal Revenue service, and told more  
details of the theft of 40 bottles of  
various kinds of drugs from Schofield  
Barracks. He named a number of  
men implicated, three of whom are  
now being held for investigation at  
the city jail. Jones admitted that he  
broke into the hospital storehouse and  
took the drugs, and told of the hid-  
ing place. Two of the men being held  
on suspicion are Privates Clifford and  
Williams, 25th Infantry.

The first lot of drugs to which Jones  
led the officers Saturday was hidden  
in the 4th Cavalry stables at Schofield  
barracks, and the cache taken last  
night was in an outbuilding at Fort  
Armstrong.

J. H. Duval, Hospital Corps, Scho-  
field Barracks, who was held in deten-  
tion one night as a suspect, was found  
to have no connection with the theft  
of the drugs. Duval was exonerated  
by Jones, and investigation proved  
that he was entirely innocent of any  
wrongdoing.

Have Promising Clues.  
Army officers, detectives and the  
Internal Revenue men hope that the  
arrest of Jones will lead finally to a  
round up of drug dealers. They are  
trying to get information from him  
which will eventually lead to the  
"highways" in the illicit business,  
and already are at work on several  
promising clues.

Closer watch than ever is now being  
kept on all incoming ships and the  
source of the drugs which mysteriously  
come into Honolulu is being looked  
for.

John A. Shock, found with a bottle  
of cocaine in his pocket Saturday  
night, is in jail, and has already given  
a description of the man who he saw  
sell him the drug. Before night it  
is thought the drug seller will be lo-  
cated, and from him it is hoped for  
still further information.

The officers are now working on the  
theory that every man they take with  
drugs should be able to lead them to  
some one else, and they always try  
to get information from one man im-  
plicating another who is a bigger fig-  
ure in the drug ring.

## SOLDIER OFFERED TO SELL ARMY GRAIN AT REAL BARGAIN RATES

Caught with 10 bags of grain which  
they were hauling away from Scho-  
field Barracks yesterday, two Chinese  
who live nearby who said thought  
the grain from a soldier who said he  
owned all the grain at Schofield and  
had the privilege of selling it.

"Did he offer to sell you the bar-  
racks cheap, also?" asked a police-  
man when they were brought to town.  
"No, not barracks, just grain and  
hay," one of the Celestials said. "He  
pay him \$8; he say all his."  
The Chinese will be tried tomor-  
row.

## ALL POLAND STRICKEN BY FAMINE

### PHILIPPINES TO BE FOUGHT OVER BY CONGRESSMEN

Republicans, Led By Congress-  
man Miller, to Launch At-  
tack on Administration

Republicans of Honolulu have heard  
with interest a story from Washington  
of a big fight expected to develop  
within a few weeks in Congress over  
the Philippine question. Congressman  
C. B. Miller of Minnesota, well-known  
here, will probably lead the fight, and  
graft and misrule are to be charged  
in specific terms, it is understood.

President Wilson's policies will be  
under fire. Congressman Miller has  
made two trips to the Philippines  
since the present administration took  
hold, with Governor-general Harrison  
in the executive chair. Mr. Miller's  
latest investigation was made last  
summer, and on his return he gave  
local newspaper interviewers some  
hint of the congressional sensation  
that might be launched.

Advices from Washington say that  
the administration is preparing to  
press again the enactment of the  
Jones Philippine independence bill,  
which was passed by the house in the  
last Congress but sidetracked in the  
senate when the Democratic majority  
found itself embarrassed by the evi-  
dence of the present unfitness of the  
Filipinos for self-government.

As a result of recent revelations of  
the alleged demoralization in the Phi-  
lippines produced by Democratic rule  
and efforts to demonstrate the cap-  
acity of the Filipinos for self-govern-  
ment, the opposition to the Jones  
measure will be greatly augmented.  
Visit Islands for Facts.

Several Republican members of Con-  
gress have been in the Philippines  
this year gathering evidence of the  
scandals of misgovernment which have  
been suppressed by the administra-  
tion censorship. The administration  
foreseeing the danger, has been forti-  
fying itself to meet the Republican  
attack. Gen. McIntyre, chief of the  
war department bureau of insular af-  
fairs, has returned from a sojourn  
of several months in the islands and  
will tell Congress that the Republican  
charges are misrepresentations.

The Republican inquiry into condi-  
tions in the Philippines has been di-  
rected by Representative Miller, who  
is a member of the house committee  
on insular affairs.

### Representative Miller's Charges.

Summarized, Congressman Miller's  
findings are:

"The policy of placing Filipinos in  
control, instituted by Governor-general  
Harrison at the instance of President  
Wilson, has resulted in 'complete gov-  
ernmental chaos.'"

"The orderly government existing  
before the Democratic regime has  
been destroyed, and progress in edu-  
cating and improving the condition  
of the Filipinos has been given a severe  
setback."

"The chief result of native control  
of the government land administra-  
tion was a graft scandal, the partici-  
pants in which were protected from  
prosecution."

"Disease is prevalent in the islands  
as a result of the failure to enforce  
the sanitation laws and the general  
hospital work has been disorganized."

"Graft in native municipal admin-  
istration and robbery of the mails are  
common."

"By wholesale pardoning Governor-  
general Harrison disorganized the pe-  
nal settlement and precipitated a con-  
vict raid, which resulted in the mur-  
der of an American school teacher."

"Anti-American agitators, banished  
for seditious conspiracies, have been  
welcomed back to the islands by the  
Harrison administration and given po-  
litical preferment."

## TWO EXTRA \$5 DIVIDENDS ON SUGAR STOCKS

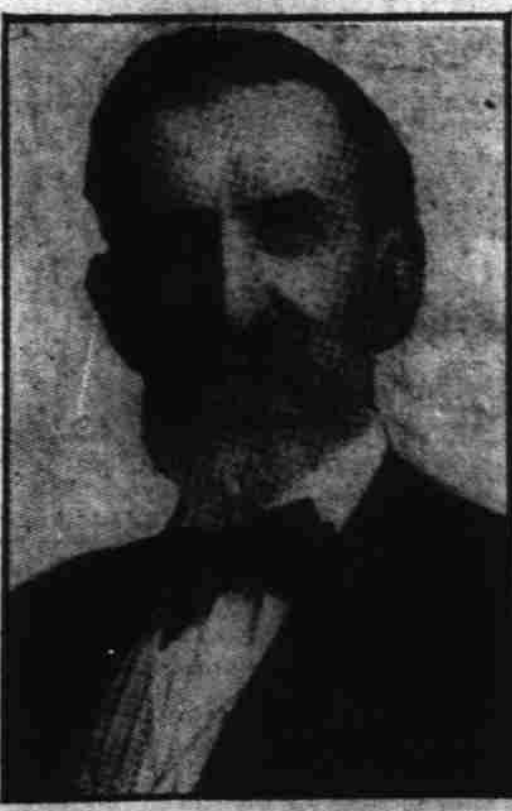

Two extra dividends of \$5 each, to-  
talling together almost \$200,000, were  
announced at today's meeting of the  
Honolulu Stock and Bond Exchange.

Directors of Paia Plantation have  
voted a special \$5 dividend, payable  
December 1. The company has 22,  
500 shares outstanding, so that the  
disbursement will total \$112,500. The  
shares, of a par value of \$100 each,  
last sold at \$165, and were bid for  
today at \$170, with no offerings.

Haiku is the other stock which will  
have a \$5 per share dividend Decem-  
ber 1. Haiku disbursements will to-  
tal \$75,000 on the 15,000 shares out-  
standing, which also have a par value  
of \$100, and are in demand at \$170.

There was a general upward ten-  
dency noticeable during the call on  
change this morning, in sympathy  
with Saturday's jump in the price of  
raw sugar, and announced statistical  
strength of that commodity. Hawa-  
ian Commercial, Olan and Oahu Su-  
gar all made gains.

bers of Congress will be here for the

W. Kern of Indiana is certain of re-  
election as majority leader in the up-  
per house, and Senator James P.  
Clarke of Arkansas will be elected  
president pro tempore. Senator James  
Hamilton Lewis of Illinois will be  
"whip" of the majority party in the  
senate skirmishings.

## YUAN'S FORMER WAR MINISTER IS MURDERED

Tuan Chi Jiu Recently Quit  
Cabinet Because He Opposed  
Plans for Monarchy

(Special Cable to Nippon Jiji).  
TOKIO, Japan, Nov. 29.—A despatch  
from Peking states that former Min-  
ister of War Yuan Chi Jiu of the Chi-  
nese Republic has been assassinated.  
No details reached here, and the mur-  
derer has not yet been apprehended.  
Tuan Chi Jiu recently resigned from  
the Chinese cabinet when Yuan Shih-  
Kai decided to try to become emperor.  
A second Peking despatch states that  
Yuan Shih-Kai has officially an-  
nounced that 18 provinces declared in  
favor of a monarchy in the recent  
election. As there are 18 provinces in  
China it is taken that Yuan's an-  
nouncement means a unanimous vote  
in his favor.

ter opposition to a number of govern-  
ment measures.

WINTER SHUTS DOWN OVER BALKANS, WITH ALLIES TRY-  
ING TO REINFORCE—GERMANS ANNOUNCE THEIR OB-  
JECT IS ACHIEVED WITH OPENING OF COMMUNICATION  
WITH TURKEY—REPORT GREECE GIVES PARTIAL AS-

(Associated Press Service by Federal Wireless)

WARSAW, Poland, Nov. 29.—War's frightful devastation in  
Poland, occupied alternately by the Russians and Germans, has  
brought a great famine to the country. With the northern winter  
closing down on the ravaged countryside, hundreds of thousands of  
homeless civilians are suffering from a shortage of food. Thousands  
are actually dead and thousands of others are dying.

A large part of the country suffered from the invasions of the  
Germans, which preceded the Russian successes in Galicia. After  
this the Russians reoccupied this section, then in the great Russian  
retreat the Germans again swept over the land, taking Warsaw and  
other important cities. After the country had been twice fought  
over the Russians in the last retreat burned everything as they went.  
It is estimated that the Slav armies burned 4000 villages in order to  
lay barren the country and prevent the German armies from find-  
ing any subsistence or shelter.

The suffering victims of the ravaging armies are living in rudi-  
ments and abandoned trenches. Many have emigrated to Germany to  
escape the famine. Food prices, already very high, are constantly  
rising.

## Hope Winter Will Aid the Allies

LONDON, England, Nov. 29.—The military experts of the  
Allies are hoping that with the coming of winter in the Balkans they  
will have time to send sufficient reinforcements to the new front be-  
fore the Germans, Austrians and Bulgarians can consolidate the po-  
sitions they have won from the defeated Serbs. The Allies are land-  
ing large numbers of men every day at Saloniki and hurrying them  
to the front, in the hope of preventing the Teutons from organizing  
a new battle-line, making winter quarters and presenting a solid  
front.

The remainder of the Serb forces and the new Russian army mo-  
bilizing at Odessa are counted upon to cooperate with the French  
and British.

The fate of Monastir, the principal town of southern Serbia, is  
obscure. Some reports say that it has fallen, others that it is still  
holding out.

In the north the Serbians are cut into two parts. One part is  
retreating into Albania, the other into Montenegro, both hotly pur-  
sued by the Teutons.

## Teuton Submarines Getting Vessels

LONDON, England, Nov. 29.—The French steamer Algrie has  
been sunk and 29 of the crew are missing.  
The British steamer Tania has also been sunk but announcement  
is made that all of the crew were saved.

MARSEILLES, France, Nov. 29.—The French steamer Omara  
has been sunk by a submarine. It is feared that 20 of the crew have  
been lost.

## Report Greece Yielding To Demands

LONDON, England, Nov. 29.—It is reported here that Greece  
has replied to the new note of the Entente Powers, giving a definite  
text of their demands. The reply is said to be a promise of compli-  
ance with all of the demands which do not threaten her neutrality.

## Canadian Wheat Order Causes Jump

CHICAGO, Ill., Nov. 29.—As a result of the government order  
commandeering the bulk of the Canadian wheat crop, wheat has  
jumped sharply in the market. The order taking 20,000,000 bushels  
for war supply purposes has caused a rise already of from two and  
one-half to two and five-eighths.

## Kitchener In Paris, Given Ovation

PARIS, France, Nov. 29.—Lord Kitchener, the British secretary  
of state for war, arrived here today from Italy. He was given a tre-  
mendous ovation, soldiers home from the front and those preparing  
to join the colors participating in a huge demonstration. The peo-  
ple also joined in the ovation.

## NEGRO CONVICT TO HANG; KILLED WIFE OF WARDEN

(Associated Press by Federal Wireless)  
JOLIET, Ill., Nov. 29.—Joseph Camp-  
bell, the negro convict who has been  
on trial for the murder of Mrs. Maizie  
Allen, wife of former Warden Allen of  
the state penitentiary here, was to-  
day found guilty by the jury and will  
be hanged. Warden Allen had insti-  
tuted the "honor system" in the peni-  
tentiary. His wife was found dead  
and mutilated in bed in the warden's  
quarters, the room on fire. The evi-  
dence in the case was circumstantial,  
there being several men who were be-  
lieved to know something of the mur-  
der. The weight of evidence pointed  
to Campbell.
